

### High Performance Snow Terrain

The MA-PW Presa Snow passenger tire features an impressive zigzag design in the shoulder area and high density S-type sipes for outstanding traction on snow. The additional deep V-grooves expel water for sure-footed wet handling.

### MA-PW Presa Snow

- ◆ Special compound for excellent traction on snow.
- ◆ Unidirectional tread design for outstanding wet and straight-line handling stability
- ◆ High-density lateral sipes for superior grip and traction on snowy terrain
- ◆ Special low-noise tread pattern pitch sequence design for an ultra-quiet ride
- ◆ Additional grooves expel water more efficiently for better wet handling
